

# Case Study

## About Business

Twentyci works with organisations to deliver insights, strategy and data for marketing purposes on UK residential property information. Their office is ideally situated in Milton Keynes, well known for its links to technology and artificial intelligence.

## CLIENT BRIEF

Office cleaning services were greatly needed as the company grew over the years. It was crucial that the Twentyci office space was presentable and hygienic due to an expanding team and frequent client visits. Tetry Group was given the contract by Twentyci in January 2018 after receiving a detailed bespoke proposal outlining our professional and sustainable cleaning services.

Our office cleaning services include:

- Desk and Workstation Cleaning
